

CURRICULUM VITAE

Tim D. Davis

Business address:

Borlaug Institute for International Agriculture
578 John Kimbrough Blvd., 2nd Floor
Texas A&M University
College Station, TX 77843
e-mail: t-davis5@tamu.edu
Phone (979)-845-4164

Dept. of Horticultural Sciences
202 HFSB
Texas A&M University
College Station, TX 77843-2133
Phone (979)-845-5341

Biographical Data:

Born:	Sonoma, California, 1-27-56
Marital status:	Married
Children:	3 (married)

Education:

PhD (Horticulture): Oregon State University, Corvallis, 1983.
MS (Horticulture): Oregon State University, Corvallis, 1980.
BS (Horticulture): Brigham Young University, Provo, 1978; Magna Cum Laude.
Graduated from Sonoma Valley High School, Sonoma, California, 1974.

Employment Experience:

Senior Scientist & Regional Director for Asia, Borlaug Institute for International Agriculture, and Professor, Department of Horticultural Sciences, Texas A&M University, College Station, Texas (2011-present)

Professor and Head, Department of Horticultural Sciences, Texas A&M University, College Station, Texas (2003-2011)

Resident Director, Texas A&M University Research and Extension Center, Dallas, Texas (1996-2005). (100% administrative appointment)

Professor of Environmental Horticulture, Texas A&M University Research and Extension Center, Dallas, Texas (1995-2005).

Interim Associate Resident Director, Texas A&M University Research and Extension Center, Dallas, Texas (September 1995-April 1996).

Associate Professor of Environmental Horticulture-Research Horticulturist, Texas A&M University Research and Extension Center, Dallas, Texas (1989-1995). Project leader for ornamentals & floriculture/plant physiology research, 100% research.

Associate Professor of Horticulture, Department of Agronomy and Horticulture, Brigham Young University, Provo, Utah (1987-1989; continuing status granted 1987). Responsibilities included conducting research and teaching courses related to ornamental horticulture and crop physiology. Approximate split: 50% research, 50% teaching.

Assistant Professor of Horticulture, Department of Agronomy and Horticulture, Brigham Young University, Provo, Utah (1982-1987).

Graduate Research Assistant (0.5 FTE) at the USDA Ornamental Plants Research Laboratory, 3420 SW Orchard Ave., Corvallis, Oregon (1978-1982). Conducted research on the environmental and physiological factors affecting adventitious root formation in cuttings.

Teaching Assistant, Department of Horticulture, Oregon State University, Corvallis (1981). Assisted teaching courses in nursery production and plant propagation.

Landscape Planning and Maintenance, Sebastiani Vineyards, Sonoma, California (Summer 1977). Responsibilities included planning and maintenance of landscape around tourist and physical plant areas.

Professional Societies:

American Society for Horticultural Science
American Society for Horticultural Science - Southern Region
International Society of Horticultural Science

Leadership Experience:

Secretary-Treasurer, American Society for Horticultural Science - Western Region, 1986 to 1989.

Editorial Board Member, Bulletin Plant Growth Regulator Society of America, 1987 to 1988.

Member, Executive Committee and Council - Pacific Division, American Association for the Advancement of Science, 1987 to 1990.

Editorial Review Board Member, Tree Physiology, 1989.

President-Elect, American Society for Horticultural Science - Western Region, 1989 to 1990.

President, American Society for Horticultural Science - Western Region, 1990 to 1991.

Member, American Society for Horticultural Science Resource Council, 1990 to 1991.

Chairperson, Organizing Committee, First International Symposium on the Biology of Adventitious Root Formation, held April 19-22, 1993, Dallas, Texas.

Associate Editor, HortScience, 1992.

Associate Editor, Journal of the American Society for Horticultural Science, 1992-5.

Secretary, Plant Growth Regulator Society of America, 1992-1993.

Member, International Scientific Advisory Board, Second International Symposium on the Biology of Root Formation, held June 1996 in Jerusalem, Israel

Organizer and Moderator, special symposium on "Roots and Plant Growth Regulation," held at the annual meeting of the Plant Growth Regulator Society of America, Portland, Oregon, August 5, 1994.

Vice President, Plant Growth Regulator Society of America, 1994-1995.

Program Chair, 23rd Annual Meeting of the Plant Growth Regulator Society of America, Calgary, Alberta, Canada, July 14-18, 1996.

Organizer, Special Symposium on "Commercial Uses of Plant Growth Regulators" to be held at the annual meeting of the Plant Growth Regulator Society of America, Calgary, Alberta, Canada, July 1996.

President, Plant Growth Regulation Society of America, 1996-97.

Completed "Management Skills Development Program" at the Center for Executive Development, Graduate School of Business, Texas A&M University, November 1996.

Member, Garden and Grounds Committee, Dallas Arboretum and Botanical Society, 1996-1998.

Co-Chair, El Paso Center Resident Director Search Committee, 1999.

Chair, Garden and Grounds Committee, Dallas Arboretum and Botanical Society, 1999-2004.

Member, Board of Directors and Executive Committee of Board of Directors, Dallas Arboretum and Botanical Society, 1999-2004.

Member, International Advisory Board, Third International Symposium on the Biology of Root Formation, held June 2000 in Amsterdam, The Netherlands.

Advisory Member, Board of Directors, Crapemyrtle Trails of McKinney, 1998-2003.

Vice Chair, Texas A&M University Institute for Plant Genomics and Biotechnology Advisory Board, 1999-2001

Member, National Steering Committee, National Seminar on Plant Physiology at Interface of Agri-Horticulture and Industry, held December 1999 in Udaipur, India

Member, Urban Agriculture Task Force, Council for Agricultural Science and Technology (CAST), 2000-2001.

Chair, Organizing Committee, symposium Urban Agriculture: Emerging Opportunities in Science, Education, and Policy, held in Dallas, Texas, May 20-22, 2002.

Chair, Council of Resident Directors, Texas Agricultural Experiment Station, Texas A&M University System, 2002

Chair, ASHS Administrators Working Group, 2001-2002

Member, Advisory Council, Sci-Tech Discovery Ctr., Junior League of Plano, 2002-2005

Chair, Texas Agricultural Experiment Station Urban Research Advisory Committee, 2002-2004

Member, Texas Agricultural Experiment Station Faculty Fellows Selection Committee, 2003-2004

Member, Texas A&M University Qatar Research Advisory Committee, 2004

Chair, Southern Region Horticulture Administrators, 2004-2005

Chair, Weslaco Center Director Search Committee, 2005

Member, Editorial Board, International Journal of Applied Agricultural Research, 2005

Chair, Department Head Council, College of Agriculture & Life Sciences, Texas A&M, 2005-2006

Chair, Phi Kappa Phi Outstanding Junior Selection Committee, College of Agriculture and Life Sciences, Texas A&M University, 2007

Scientific Committee, ISHS Quality Management in Supply Chain of Ornamentals Symposium, held December 2007 in Bangkok, Thailand

Participated in Executive Coaching Program, Center for Creative Leadership (including 360 By Design analysis), 2007-2008

Member, Executive Committee, Southern Region, American Society for Horticultural Sciences, 2011-2013

Section Chair, Alternate and Horticultural Crops, Texas Plant Protection Association 2009 Annual Meeting, Bryan, Texas

Reviewer, Texas A&M Association of Former Students, College-level Teaching Awards, 2009

Member, Review Panel, Texas A&M Regents Professor Award Committee, 2009

Member, Scientific Committee, International Conference on Quality Management in Supply Chains of Ornamentals, held in Thailand, December 2011

Chair, External Department Review Committee, Department of Environmental Horticulture, University of Florida, October 2010

Member Imperative 9 & 12 Study Team, Vision 2020, Texas A&M University, 2011

Member, Feed the Future Committee, College of Agriculture and Life Sciences, Texas A&M University, 2011

Member, Research/Institutional Partnerships Working Group, USINDO Joint Council on Higher Education, 2012

Member, Advisory Board, Buffett Conflict and Development Endowed Chair, Texas A&M University, 2012

Member, ASHS Fellow Screening Committee, 2013-2014

Member, Remote Review Team, School of Agriculture, Shanghai Jiao Tong University, China, 2012

Chair, External Review Team, Department of Horticulture, Iowa State University, 2013

Chair, Department of Horticultural Sciences Promotion and Tenure Committee, 2012-2019

Chair, 11th International Conference on Desert Technologies, held November 2013, San Antonio, Texas, USA

Member, Steering Committee, 3rd National Seminar USAID Tropical Plant Curriculum Project: Opportunities and Prospects of Commercialization of Indigenous Plant-Based Products, held October 2013, Denpasar, Indonesia

Member, International Advisory Committee, ICAL 2 Conference, Samarkand, Uzbekistan, 2014

Member, College of Agriculture and Life Sciences Peer Review Committee, 2015-16

Chair, College of Agriculture and Life Sciences Peer Review Committee, 2016-2017

President,, Southern Region, American Society for Horticultural Science, 2017-2018

Member, Scientific Committee, International Conference on Water Management in Arid and Semi-Arid Land, Irbid, Jordan, October 2017

Member, International Desert Council, 2017-18

Chair, External Review Team, College of Food and Agriculture, United Arab Emirates University, Al Ain, 2017

Member, International Editorial Board, Journal of Arid Land Studies, 2019

Publications:

Theses:

Davis, T.D. 1980. The effects of light on photosynthesis and rooting of leafy cuttings of *Pisum sativum* L. MS Thesis, Oregon State University, Corvallis.

Davis, T.D. 1983. Influence of photosynthesis and carbohydrates on adventitious root formation by leafy cuttings. PhD Dissertation, Oregon State University, Corvallis.

Abstracts (*indicates that T.D. Davis presented the paper):

*Davis, T.D. and J.R. Potter. 1980. Current photosynthate as a limiting factor in the rooting of leafy cuttings. HortScience 15(3):428.

*Davis, T.D. and J.R. Potter. 1981. Auxin and current photosynthate supply as limiting factors in adventitious root formation on leafy pea cuttings. Abstracts of the Sixty-second Annual Meeting of the American Association for the Advancement of Science 1:28. Also published in HortScience 17(1):26-27. 1982.

*Davis, T.D. and J.R. Potter. 1982. Effects of CO₂ enrichment during the rooting of pea cuttings. Proceedings of the Sixty-third Annual Meeting of the Pacific Division, American Association for the Advancement of Science 1:28. Also published in HortScience 17(4):579. 1982.

Patents:

Mackay, W.A and T.D. Davis. U.S. Patent No. 5,648,594, "Big Bend Bluebonnet" (utility patent), issued July 15, 1997.

Video:

Executive Producer of video "Agventures in the City: Urban Agriculture", produced by Agricultural Communications, Texas A&M University, 2002, 12 min.

Executive Producer of video "Past, Present, & Future: The Texas A&M Agricultural Research and Extension Center Dallas," produced by Agricultural Communications, Texas A&M University, 2003, 8 min.

Invited Presentations at:

Department of Botany, University of Jodhpur, India, 1986 (Jodhpur); Department of Horticulture, Royal Veterinary and Agricultural University, 1988 (Copenhagen); Department of Horticulture, Agricultural University of Norway, 1988 (Aas); Plant Growth Regulation Society of America annual meeting, 1989 (Washington, D.C.); Department of Horticultural Sciences, Texas A&M University, 1991, 2003, 2012 (College Station); Biological Research Centre, Hungarian Academy of Sciences, 1992 (Szeged); Plant Growth Regulation Society of American annual meeting, 1999 (Costa Mesa, Calif.); First Symposium on Ornamental Horticulture in the Arabian Gulf Region, 2001 (Al Ain, UAE); National Association of State Departments of Agriculture annual meeting, 2002 (Washington, D.C.); Second International Symposium on Ornamental Horticulture in Arid Zones, 2002 (Al Ain, UAE), Department of Plant and Soil Sciences, Texas Tech University, 2002 (Lubbock); USAID, Washington, D.C., 2011; National Food Science and Technology Seminar, 2011 (Manado, Indonesia); American Society for Horticultural Science annual meeting, 2011 (Hawaii); International Conference of Food Factors, 2012, Jakarta, Indonesia; Borlaug Institute for International Agriculture, Texas A&M University, 2012; Beijing Forestry University, 2013 (China); 3rd Nat. Seminar USAID Tropical Plant Curriculum Project, 2013 (Denpasar, Indonesia); Bogor Agricultural University, 2014 (Indonesia); National Chung Hsing University, 2014, 2015, 2017, 2019 (Taiwan); College of Agricultural, Food, and Life Sciences, University of Arkansas, 2015; American Society for Horticultural Science annual meeting, 2015 (New Orleans); Bangladesh Livestock Research Institute, 2017; Presidential Address, Southern Region ASHS Annual meeting, 2018 (Jacksonville); Desert Technology 13, 2018 (India); Rural Revitalization Forum, Alliance Development Corporation, Jiaying (China), 2019; University of Georgia, 2019

Research conducted by T.D. Davis has been highlighted in the following print media:

--*Magazines*: Nursery Business, Florist's Review, Grower Talks, Greenhouse Manager, Nursery Manager, Texas Nurseryman, Homesick Texan, Agricell Report, Neil Sperry's Gardens, Texas Horticulture

--*Newspapers*: BYU Universe, Orem-Geneva Times, Provo Daily Herald, Plano Star Courier, Fort Worth Star Telegram, El Paso Times, Wall Street Journal, Dallas Morning News, Northside People, Lubbock Avalanche Journal, Bryan Eagle, Austin American Statesman

--*Newsletters*: Y News, Branch Manager, Rice Biotechnology, Texas A&M University System News, The Bloomin' Texan, Texas Co-Op Power

Television and Radio Experience:

KBYU-TV, Channel 11, Provo, Utah. Special guest on three "Utah Family Garden" 30-minute television shows during 1983 and 1984.

Cougar Cable TV, Provo, Utah. Guest on "Lifestyle" variety show. June 1984.

KSL radio, Salt Lake City, Utah. Special guest on "KSL Greenhouse" one-hour radio call-in show, 1983 to 1987.

CBS TV affiliate, Bryan-College Station, Texas. Guest on "Brazos Valley Today", Friday, March 11, 1994

KDFW-TV (CBS), Channel 4, Dallas, Texas. 6:00 p.m. news story on the development of long-stem bluebonnets for cut flowers. Wednesday, April 20, 1994. Reporter: Steve Stoler.

CNN, Early Prime, news story on the development of long-stem bluebonnets for cut flowers. Monday, May 2, 1994. Reporter: Tony Clark.

CNN Headline News, Dollars and Sense, news stories on the development of long-stem bluebonnets for cut flowers. Monday & Tuesday, May 2-3, 1994. Reporter: Tony Clark.

Texas Farm Bureau, Waco- taped 1 minute radio spot on long-stem bluebonnets for airing on approximately 30 radio stations throughout the state, Friday, May 6, 1994. Reporter: Gary Joiner.

Texas Department of Agriculture, Austin--taped radio spot on long-stemmed bluebonnets for airing on radio stations across the state, Thursday, May 17, 1994. Reporter: Lisa Barker.

WBAP 820 radio, Dallas/Fort Worth, Texas. News story on long-stem bluebonnets as cut flowers. Feb. 2, 1995 (PM). Reporter: Jim Ryan.

KRLD 1080 radio, Dallas/Fort Worth, Texas. News story on long-stem bluebonnets as cut flowers. Feb. 2, 1995 (PM). Reporter: Chris Fox.

KXAS-TV (NBC), Channel 5, News story on long-stem bluebonnets as cut flowers, Feb. 2, 1995, 5:00 and 6:00 p.m. news.

KRLD 1080 radio, Dallas/Fort Worth, Texas. Announcement of Benny Simpson's death, Dec. 28, 1996, Neil Sperry call-in show.

KXAS Channel 5 (NBC affiliate), Fox4 News and KDAF Channel 33 (WB), local comments on Aggie Bonfire Disaster, 1999.

WFAA Channel 8 (ABC affiliate), comments on loss of agricultural land, 2001.

Awards:

Late Bloomer Scholarship Award, Brigham Young University, 1977-78; half-tuition scholarship

William O. Menke Scholarship Award to Outstanding Graduate Student in Ornamental Horticulture, Oregon State University, 1981-82

Graduate Student Paper Competition Award - Third place winner, Annual Meetings of the Western Region of the American Society for Horticultural Science, Santa Barbara, California, June 20-25, 1982.

Received 1990 Unit Award for Superior Service from the Texas Agricultural Extension Service (Team Award)

Received 1990 Award in Excellence from Deputy Chancellor for Agriculture, (Team Award) Texas A&M University System.

Received Nancy Benedict Memorial Award from the Native Plant Society of Texas for an act of conservation/public service in the field of Texas native plants, 1996

Leadership and Administration Award, American Society for Horticultural Science, Southern Region, 2004

Vice Chancellor's Award in Excellence for Administration, Texas A&M University, 2005

Elected Fellow of the American Society for Horticultural Science, 2006.

Vice Chancellor's Award in Excellence, Team Award, 2016 (Texas Superstar Selection Team, Texas A&M AgriLife)

Grants, Donations, and Other Support Received:

"Influence of stock plant lighting on adventitious rooting", \$3000 received from BYU Professional Development Committee, 1982-3.

"Influence of stock plant lighting on adventitious rooting", \$850 received from BYU Professional Development Committee, 1983-4.

"Physiological aspects of the recovery of iron-induced chlorosis in plants treated with iron compounds", \$4500 received from BYU Professional Development Committee, 1983-4.

"Physiological aspects of the recovery of iron-induced chlorosis in plants treated with iron compounds", \$3000 received from BYU Professional Development Committee, 1984-5.

"Net photosynthesis of Indian Desert plants in response to water stress", \$3000 received from BYU Professional Development Committee, 1985-6.

"Photosynthetic characteristics of ephemeral species from the Great Thar Desert of India" \$3970 received from BYU Professional Development Committee and approximately \$1000 received from University of Jodhpur, 1986.

"Plant Growth Regulator Research: Ortho XE-1019 and Woody Vegetation Control", \$2000 received from Chevron Chemical Company, 1985.

"An evaluation of several new growth retardants for controlling tree growth", \$1500 received from International Society of Arboriculture, 1985.

"Nutrient Deficiencies in Rhododendrons", \$2000 received from American Rhododendron Society, 1986.

"Comparative photosynthetic characteristics of three cold desert shrubs at several Great Basin sites", \$4000 received from BYU Professional Development Committee, 1986-7.

"XE-1019 and turfgrass growth control", \$1200 received from Chevron Chemical Company, 1987.

"XE-1019 and turfgrass growth control", \$1400 received from Chevron Chemical Company, 1987.

"Travel grant to Grower Expo '88", \$500 received from Grower Talks Magazine, 1988.

"Assimilate transport into various plant tissues as influenced by triazole plant growth regulators", \$2900 received from BYU Professional Development Committee, 1987-8.

"Phototron studies", \$3600 received from Pyraonics Laboratories, 1988.

"Comparison of Carotene content in carrot cultivars and Caromex sweet potato", \$5000 received from Benson Food and Agriculture Institute, 1988.

"Sabbatical at Royal Veterinary and Agricultural University, Copenhagen, Denmark" 60,000 Danish kroner (approx. \$10,000) received from Danish Research Academy, 1988.

"Uniconazol-induced thermotolerance in plant tissue", \$3000 received from BYU Professional Development Committee, 1988-89.

"Growth, flowering, and post-production performance of triazole-treated bedding plants", \$3800 received from Bedding Plant Foundation Inc., 1989-90.

"Research Planning at USDA Forest Service, Forestry Sciences Laboratory, Rhinelander, Wisconsin" \$2000 received from US Forest Service, 1989.

"Growth, flowering, and post-production performance of triazole-treated bedding plants," \$3800 received from Bedding Plant Foundation Inc., 1990-91.

"Photosynthetic and Productivity Traits of Glyphosate-tolerant Transgenic Poplars", \$5,000 received from US Forest Service, 1991.

"Use of in vitro somaclonal selection to improve salt tolerance of nursery crops", \$2500 received from Horticultural Research Institute, 1991.

"CEMAP grant", \$3000 received from Texas Association of Nurseryman, 1991.

"Support for Ongoing CEMAP Efforts", \$31,000 received from Haines Memorial Trust, 1991.

"Tree Growth Regulation with Flurprimidol," \$4,000 received from DowElanco, 1992.

"Development of Big Bend Bluebonnet as a Cut Flower Crop," \$7,400 received from the Fred C. Gloeckner Foundation, 1992.

"Project Development Visit to Szeged, Hungary," \$1,585 received from U.S. National Academy of Sciences and 15,000 forints (approx. \$200) received from Hungarian Academy of Sciences.

"Tree Growth Regulation with Flurprimidol," \$3,000 received from DowElanco, 1993.

"Support for First International Symposium on the Biology of Adventitious Root Formation," \$1,400 received from the International Plant Propagator's Society, 1993.

"Support for First International Symposium on the Biology of Adventitious Root Formation." \$2,000 received from the Texas Forest Service, 1993.

"Support for First International Symposium on the Biology of Adventitious Root Formation," \$1,000 received from Texas Utilities, 1993.

"Support for First International Symposium on the Biology of Adventitious Root Formation," \$2,000 received from the U.S. Dept. Energy Biofuels Feedstock Development Program, 1993.

"Support for First International Symposium on the Biology of Adventitious Root Formation," \$11,000 received from the U.S. Forest Service, 1993.

"Further Development of Big Bend Bluebonnet as a Cut Flower Crop," \$7,900 received from the Fred C. Gloeckner Foundation, 1993.

"Determining Conditions for Optimum Germination and Flowering of *Lupinus perennis*" \$10,000 received from the U.S. Forest Service, 1993.

"Tree Growth Regulation with Flurprimidol Implants," \$5,000 received from DowElanco, 1994.

"Further Development of Big Bend Bluebonnet as a Cut Flower Crop," \$8,000 received from the Fred C. Gloeckner Foundation, 1994.

"Commercialization of Big Bend Bluebonnet as a Cut Flower Crop," \$20,000 received from the Texas Department of Agriculture (Texas Agricultural Diversification Program), 1994-5.

"Tree Growth Regulation with Flurprimidol Trunk Implants, " \$2,500 received from DowElanco, 1995.

"Integrated Pest Management for Greenhouse Grown Crops", \$6,000 received from the Texas Agricultural Extension Service IPM Minigrants Program, 1996.

"Role of Ethylene and Water Relations in the Postharvest Performance of Big Bend Bluebonnet (*Lupinus havardii*): A Potential Cut Flower Crop from Texas," \$31,000 received from the Texas A&M University Research Enhancement Program, 1996-97.

"Financial Support for Symposium, Urban Agriculture: Emerging Opportunities in Science, Education and Policy," \$87,000 received from symposium sponsors, 2001-2002.

"Tropical Plant Curriculum Project," \$636,549 received from USAID-Indonesia, 2010-2013.

“Financial Support for DT 11 International Conference,” \$20,000 from CGIAR Dryland Systems Program, 2013

“Afghanistan Agricultural Research and Education Project, “\$180,000 received from USAID-Afghanistan, 2013-2014

“Agricultural Development in the Republic of Georgia,” \$75,000 received from Frontera Resources, 2014-2015.

“Southeast Asia Regional Codex Training in Indonesia,” \$150,000 received from USDA/FAS, 2014.

“Afghanistan Agricultural Extension Project 2,” \$2.9 million received from USAID, 2015-2017

“China SCEP Exchange Program,” \$59,000 received from USDA FAS, 2015

“AVANSA Timor Leste Project,” \$734,000 received from USAID, 2015-2010

“Bangladesh LPIN Livestock Improvement Project,” \$175,000 received from USAID, 2015-2016

“Graduate Education at the Nexus of Global Horticulture and Human Nutrition to Enhance Community Resilience and Food Security,” \$250,000 received from USDA-NIFA, Higher Education Challenge Grant, 2017-2019

“Afghanistan Agriculture Value Chain—Livestock Project,” \$3.3 million from USAID (subcontract to DAI), 2018-2022 (years 4-5 optional)

“Afghanistan Agriculture Value Chain—High Value Crops Project,” \$1.9 million from USAID (subcontract to DAI), 2018-2022 (years 4-5 optional)

“Afghanistan Promote Scholarship Endowment Project,” \$12.5 million from USAID, 2018-2022

Competitive Grant Reviews—USDA/CSREES review panel member, 2008-2009; USDA.CSREES review panel chair, 2010; ad hoc reviewer for Consortium for Plant Biotechnology Research, 2008; Shota Rustaveli Georgian National Science Foundation peer reviewer, 2009-2013; ad hoc review for BARD, 2010

Journal Manuscripts Reviewed (*not counting those handled as Associate Editor):

Journal:	No. of MS reviewed:
J. Amer. Soc. Hortic. Sci.	18*
HortScience	33*

Faculty Promotion Reviewer for the following institutions: Arizona State University, University of Alberta, Brigham Young University, University of Connecticut, University of Florida, Michigan State University, Oregon State University, Purdue University, Qassim University (Saudi Arabia), Sultan Qaboos University (Oman), University of Queensland (Australia), University of Tennessee, University of Texas at Dallas, University of Wisconsin, Sana'a University (Yemen)

International Experience:

- Faculty Professional Development Leave (Sept.-Oct. 1986)- University of Jodhpur, Jodhpur, India. Funded jointly by BYU Professional Development Committee and the Botany Department of the University of Jodhpur. Activities: (1) conducted research on Indian desert plants, (2) presented three special lectures describing my research.

- Visiting Scientist, Royal Veterinary and Agricultural University, Department of Horticulture, Copenhagen, Denmark (April-August 1988). Funded by the Danish Research Academy. Activities: (1) conducted research on the influence of triazole growth regulators on Danish floricultural crops, (2) taught a short course on photosynthesis and vegetative regeneration to about 20 advanced undergraduate and graduate students (approx. 12 lectures), (3) gave special lectures at the Glasshouse Crops Research Institute (Aarslev, Denmark) and the Agricultural University of Norway (Aas).
- Project Development Visit, Biological Research Centre, Hungarian Academy of Sciences, Szeged, Hungary (Sept. 1992). Funded jointly by the U.S. National Academy of Sciences and the Hungarian Academy of Sciences. Activities: (1) present lecture on antioxidants and stress physiology, (2) set up collaborative research program with Prof. L. Erdei.
- Invited Presentations and Visits, Municipality of Al-Ain and United Arab Emirates University, United Arab Emirates (April, 2001 and 2002). Funded by Municipality of Al-Ain. Activities: (1) present lecture at First Symposium on Ornamental Horticulture in the Arabian Gulf Region; (2) provide recommendations regarding future actions related to ornamental horticulture research and education.
- Peer reviewer for Shota Rustaveli Georgian National Science Foundation, 2009-2013.
- Project Director, USAID-Indonesia “Tropical Plant Curriculum Project,” 2010-2013. Activities include working with 3 Indonesian universities to review tropical plant science curricula, establish research on bioactive compounds in plants, establish university-led community education programs, and to ultimately promote enterprises based upon underutilized and little-known plants.
- Short-term Technical Assistance, Guatemala: Workshops on Plant Nutrition, 2011-2012
- Program Director for Texas A&M, USAID project, Afghanistan Agricultural Research and Education project (in collaboration with Roots of Peace, Washington State University, and UC Davis), 2013-2014.
- Program Director for Texas A&M, USAID project, Afghanistan Agricultural Extension Project (in collaboration with UC Davis, Washington State University, Purdue University, University of Maryland), 2015-2017.
- Short-Term Technical Assistance (horticulture, youth development), USAID Timor Leste AVANSA Project, 2015-2018

- Short-Term Technical Assistance (tissue culture, biotechnology), USAID LPIN project, Bangladesh, 2017
- Project Director for Texas A&M, USAID Project, Afghanistan Agriculture Value Chain Project-Livestock (subcontract to DAI), 2018-present
- Project Director for Texas A&M, USAID Project, Afghanistan Agriculture Value Chain Project-High Value Crops (subcontract to DAI), 2018-present
- Principal Investigator, Afghanistan Promote Scholarship Endowment, USAID Project, 2018-present

Teaching Experience

Brigham Young University, 1983-89:

Courses Taught:

Home Landscape Design (7 years)
 Introduction to Horticultural Science (5 years)
 Physiological Development of Hort. Crops (2 years)
 Arboriculture (3 years)
 Horticulture as a Profession (5 years, Texas A&M University)

Advisement:

Faculty Advisor to ornamental horticulture students
 Faculty Advisor to agronomy and horticulture interns

No. of Graduate Student Committees:

20 MS
 2 PhD

Texas A&M University, 2015-2020:

Course Taught:

Horticulture as a Profession (6 years)

Community Service:

Soccer Coach, Orem Youth Soccer League, Orem, Utah. 1983-9.

Soccer Coach, Plano Youth Soccer League, Plano, Texas. 1989-91.

Architectural Review Committee member, Creek Trail Homeowners Association, Plano, Texas, 1990-2.

Science Fair Judge, Plano Independent School District, 1991-2.

Youth Baseball Coach, Plano Sports Association, 1991-2.

Youth Baseball Coach, Plano Baseball Association, 1992.

Youth Baseball Coach, Plano YMCA, 1993-4.

Church of Jesus Christ of Latter Day Saints, Youth Sunday School Teacher, Plano, 1993-94, 1998-2001, 2003-2005

Church of Jesus Christ of Latter Day Saints, Youth Leader, College Station, 2005-2006

Church of Jesus Christ of Latter Day Saints, High Councilor, College Station, 2006-2010

Church of Jesus Christ of Latter Day Saints, Branch President, Navasota, Texas, 2010-2012

Church of Jesus Christ of Latter Day Saints, High Councilor, College Station, 2017

Church of Jesus Christ of Latter Day Saints, Sunday School Teacher, 2019
